

Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Invesco UK Equity Income Fund (the "Fund")

A sub-fund of Invesco Funds (the "Umbrella Fund")

Class C semi-annual distribution - GBP (ISIN: LU1064479774) (the "Share Class")

The Fund is managed by Invesco Management S.A., part of the Invesco Group.

Objectives and Investment Policy

- The objective of the Fund is to achieve a reasonable level of income, together with capital growth.
- The Fund invests at least 80% of its net asset value in shares of companies in the United Kingdom.
- The Fund is actively managed and is not constrained by a benchmark. The performance of the Fund may be compared to a benchmark, for comparison purposes only, where a suitable comparator exists (please refer to the Past Performance section below where a benchmark will be displayed if relevant).
- You can buy and sell shares in the Fund on any Dealing Day (as defined in the Prospectus).
- Any income from your investment will be paid semi-annually.

Risk and Reward Profile

Lower Risk Higher Risk

← Typically lower rewards Typically higher rewards →

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- The Share Class is in risk category 5 due to the rises and falls of its price or simulated data in the past.
- As the Share Class' risk category has been calculated using historical data, it may not be a reliable indication of the Share Class' future risk profile.
- The risk category may change in the future and is not guaranteed.
- The lowest category does not mean a risk free investment.

Other Risks

- The value of investments, and income from them, can go down as well as up and you may not get back the full amount you invested.
- Shares of companies are generally considered high risk investments and may result in fluctuations in the value of the Fund due to external factors.
- As this Fund is invested in a particular geographical region, you should be prepared to accept greater fluctuations in the value of the Fund than for a fund with a broader geographical investment mandate.
- The Fund invests in a limited number of holdings and is less diversified. This may result in large fluctuations in the value of the Fund.
- The Fund may use derivatives (complex instruments) in an attempt to reduce the overall risk of its investments or reduce the costs of investing, although this may not be achieved.
- A more detailed description of risk factors that apply to this Fund is set out in Section 8 of the Prospectus.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	5.00%
Exit charge	None
Any charges shown above are the maximum that might be taken out of your money before it is invested.	
Charges taken from the Share Class over a year	
Ongoing charge	1.16%
Charges taken from the Share Class under certain specific conditions	
Performance fee	None

- Any entry charge shown is a maximum figure. Where charges are shown, in some cases you might pay less; you can find this out from your financial adviser or distributor.
- The ongoing charges figure is based on expenses for the year ending February 2020. This figure may vary from year to year. It excludes portfolio transaction costs except in the case of an entry or exit charge paid by the Fund when buying or selling shares/units in another fund.
- There is currently a discretionary cap on the ongoing charge of 1.16% in place. This discretionary cap may positively impact the performance of the Share Class.
- For more information about charges please see Section 4, Section 9 and Appendix A of the Fund's Prospectus.

Past Performance

- Fund launch date: 25 June 2014.
 - Share Class launch date: 25 June 2014.
 - The base currency of the Fund is GBP.
 - Past performance of the Share Class is calculated in GBP.
 - Performance is calculated after deduction of ongoing charges and is inclusive of gross income reinvested. Any entry/exit charges shown are excluded from the calculation.
 - As the Fund is actively managed, it is not intended that the performance of the Share Class will track the performance of FTSE All-Share Index (Total Return - net) (the "Benchmark").
 - Past performance is not a guide to future performance.
- The performance shown prior to 25 June 2014 relates to the performance of Invesco Income Fund (UK), a sub-fund of Invesco UK 2 Investment Series, of which the Fund was a feeder fund until 18 March 2019. Therefore, the performance shown between 25 June 2014 until 18 March 2019 was based on an objective and investment policy that no longer applies.
