Dear Shareholder,

We are writing to you as a Shareholder in the Invesco Japanese Equity Dividend Growth Fund, a sub-fund of Invesco Funds (hereinafter referred to as “Invesco Funds” or the “SICAV”).

In this circular, you will find explanations about our proposal to merge:

- Invesco Japanese Equity Dividend Growth Fund (the “Merging Fund”),
- into Invesco Responsible Japanese Equity Value Discovery Fund (the “Receiving Fund”),

both sub-funds of the SICAV are authorised by the Commission de Surveillance du Secteur Financier (the “CSSF”).

A. Terms of the proposed merger

It has been resolved to proceed with a merger pursuant to article 24 of the Articles of the SICAV and article 1 (20) a) of the Luxembourg Law of 17 December 2010 relating to collective investment undertakings, as amended from time to time (the “2010 Law”). This involves the transfer of all of the assets and liabilities of the Merging Fund to the Receiving Fund. As a result, Shareholders of the Merging Fund who continue to hold Shares in the Merging Fund on the Effective Date (as defined below) will receive Shares in the Receiving Fund in exchange for their Shares in the Merging Fund. Upon completion of the merger, the Merging Fund shall be dissolved without liquidation on the Effective Date and, consequently, the Merging Fund will cease to exist and its Shares will be cancelled with effect from the Effective Date.

A 1. Background to and rationale for the proposed merger

Invesco Funds is registered with the “Registre de Commerce et des Sociétés” of Luxembourg under Number B34457 and qualifies as an open-ended “société d’investissement à capital variable”. Invesco Funds is organised as an umbrella UCITS fund with segregated liability between sub-funds pursuant to the 2010 Law.

The Merging Fund was approved by the CSSF and launched on 7 December 2016 as a sub-fund of Invesco Funds. The Receiving Fund was approved by the CSSF and launched on 30 September 2011 as a sub-fund of Invesco Funds.

The Merging Fund has struggled to gain traction in terms of flows over recent years. As a result, the Directors have decided to merge the Merging Fund into the Receiving Fund to help reduce the number of funds in a similar sector and rather have focus on the three differentiated Japanese strategies that are available on the range other than the Merging Fund (i.e. Invesco Japanese Equity Advantage Fund, Invesco Nippon Small/Mid Cap Equity Fund and the Receiving Fund). The Directors believe the proposed merger will provide investors with a clearly defined Japanese Equity investment proposition, which embeds responsible investment. In addition, it is hoped that the proposed merger will retain assets over the longer term in a better position product with higher growth potential and lower costs due to economies of scale.

A 2. The expected impact of the proposed merger

In light of the rationale provided above, it is expected that the proposed merger will bring benefits to Shareholders of the Merging Fund should they remain invested in the Receiving Fund over the long term.

In addition to the information below, Appendix 1 to this circular sets out details of the key differences and similarities between the Merging Fund and the Receiving Fund that will be of interest and importance to you.

The Directors recommend that **you consider Appendix 1 carefully.**

The intention is to merge the Shareholders in the Merging Fund into the exact same Share class in the Receiving Fund, with the exception of “B” Shares as outlined further below. For the avoidance of doubt, the investment objective and policy and the profile of typical investor are slightly different for the Merging Fund and the Receiving Fund. However, the Management Company, the Investment Manager and the Investment Sub-Manager, the key service providers (such as the Depositary, the Administration Agent and the Auditor), naming of the Share class, the base currency (JPY) of the Merging Fund and the Receiving Fund, the operational features (such as Business Days, Dealing Cut-off Point, Settlement Date, NAV calculation, distribution policy and Reports) are the same for the Merging Fund and the Receiving Fund. The methodology used to calculate the global exposure in respect of the use of financial derivative instruments is the same (Relative VaR). Finally, the fee structure (as summarised in this Section A2 below) is different as the overall management fee structure of the Receiving Fund is lower.

Further details of the comparison of the Share classes in the Merging Fund to the corresponding Share classes in the Receiving Fund are also set out in Appendix 1.

While the dates of declaration and payment of distribution of the Merging Fund and Receiving Fund are the same according to the distribution policies as disclosed in the Prospectus, unless there is no surplus income, the SICAV may make a special distribution to the Shareholders of the Merging Fund in advance of the Effective Date to clear down any income entitlements. The declaration of such special distribution is subject to the SICAV’s discretion, and payment may take place on a date before the Effective Date that is different from the regular distribution dates set out in the Prospectus.

After the Effective Date, the Shareholders will receive distribution payments in line with the Prospectus.

Upon completion of the proposed merger on the Effective Date, Shareholders in the Merging Fund who continue to hold Shares in the Merging Fund on that date will become Shareholders in the relevant Share class of the Receiving Fund, with the exception of “B” Shares (as outlined below). They will hold such Shares on the same terms and conditions as all existing Shareholders of the Receiving Fund in such Share class of the Receiving Fund.

Shareholders’ rights

Both the Merging Fund and the Receiving Fund are sub-funds of Invesco Funds, and as such the Shareholders’ rights are the same and will remain unchanged.

Investment objective and policy and related risks

The Merging Fund primarily invests in Japanese-listed companies that demonstrate sustainable dividend growth, while the Receiving Fund primarily invests in securities listed in Japan that are attractively valued and demonstrate sustainable growth and also meet the Receiving Fund’s ESG criteria. In addition, both the Merging Fund and the Receiving Fund promote environmental and/or social characteristics within the meaning of Article 8 of SFDR, however the Receiving Fund embeds more material ESG criteria (negative and positive screening) within its investment process whereas the Merging Fund applies an ESG exclusionary framework only to companies involved in certain activities above a threshold.

Both the Merging Fund and the Receiving Fund are managed by Invesco Hong Kong Limited with Invesco Asset Management (Japan) Limited acting as Investment Sub-Manager.

The risk profile of the Merging Fund and the Receiving Fund is the same, and the Synthetic Risk Reward Indicator (SRRRI) disclosed in the Key Investor Information Documents (“KIIDs”) is currently 6 for both the Merging Fund and the Receiving Fund (on a scale of 1-7). The relevant or material risk factors applicable to the Merging Fund and Receiving Fund are the same. Please refer to the Prospectus for further details of such risk factors.

Portfolio rebalancing exercise

The Investment Manager will ensure that the portfolio of investments of the Merging Fund transferred at the Effective Date are compatible with the investment objective and policy of the Receiving Fund. To this end, a portfolio rebalancing exercise will take place within two (2) weeks before the Effective Date.

The costs associated with any rebalancing of the underlying investments of the portfolio (primarily dealing and transaction costs) are reasonably estimated at 20 basis point (“bps”) of the Merging Fund’s NAV as at the rebalancing date and shall be borne by the Merging Fund, as it is believed that the proposed merger will provide investors with a fund with improved pricing, good long term track record and higher opportunities to grow over the long term, thus benefitting from economies of scale. Such rebalancing costs

will accrue on the dates such rebalancing takes place (i.e. within two weeks before the Effective Date). To the extent that the rebalancing costs exceed 25 bps, the Management Company will bear the excess.

It should be noted that during the re-balance period and in the two weeks leading up to the Effective Date that the Merging Fund will go through a portfolio transition and while the portfolio will still be exposed to Japanese equities the risk and return profile of the portfolio may be different than would be experienced had the portfolio re-balance exercise not taken place.

To the extent that the rebalancing costs are borne by the Merging Fund, Shareholders who remain in the Merging Fund during the rebalancing period will be subject to the rebalancing costs.

Please refer to Appendix 1 for detailed disclosure of the investment objective and policy of the Merging Fund and Receiving Fund. For details of the arrangement relating to the expenses incurred in connection with the proposed merger and costs associated with the transfer of the portfolio of the Merging Fund and the Receiving Fund, please refer to section B2 below.

Fees and expenses of the Share classes of the Merging Fund and corresponding Share classes of the Receiving Fund

The table below summarises the management fee, distribution fees, service agent fees and depositary charges disclosed in the Prospectus as well as the on-going charges figures disclosed in the current KIIDs for the Merging Fund and the corresponding Share classes in the Receiving Fund.

Kindly note that Shareholders holding “B” Shares in the Merging Fund will be merged into a “A” Share class as further detailed below. A Contingent Deferred Sales Charge is levied for redemptions from “B” Shares where such action is taken within 4 years of the date of purchase. “B” Shares are also subject to an annual distribution fee while “A” Shares are not. As the action being undertaken here is not client driven, any Contingent Deferred Sales Charge is being waived and clients will no longer be liable to the annual distribution fee. For further details on the differences between “A” Shares and “B” Shares, please refer to Section 4.1 (Types of Shares) in the Prospectus. In case of redemption or switch prior to the merger, the Contingent Deferred Sales Charge (“CDSC”) will, if applicable, be waived.

** The on-going charges figure is estimated based on the expected total of charges and is capped on a discretionary basis.

A 3. Valuation of assets and liabilities, calculation of the exchange ratio and exchange of Shares

As a result of the proposed merger, on the Effective Date, the Merging Fund will contribute all of its assets and liabilities, including any accrued income and liabilities to the Receiving Fund. Therefore, Shareholders, who continue to hold Shares in the Merging Fund on the Effective Date, will receive corresponding Shares in the Receiving Fund.

The Merging Fund's assets under management amounted to JPY 1,962,963,664.04 as at 04 February 2022 and those of the Receiving Fund amounted to JPY 13,704,987,819.05 as at 04 February 2022.

The number of corresponding Shares in the Receiving Fund to be issued to each Shareholder of the Merging Fund who continues to hold Shares in the Merging Fund on the Effective Date will be calculated using an "exchange ratio" on the Effective Date. The "exchange ratio" is the factor expressing how many Shares will be issued in the corresponding Share class of the Receiving Fund for one Share in a Share class of the Merging Fund and will be calculated to six (6) decimal places.

The cancellation of all existing Shares of the Merging Fund and the issue of the corresponding Shares of the Receiving Fund will be performed on the basis of the unrounded NAV of the respective Share classes of the Merging Fund and the Receiving Fund at the Valuation Point on the Effective Date. Please note that the NAV per Share of the Merging Fund and the Receiving Fund on the Effective Date will not necessarily be the same. While the overall value of their holding will be almost identical before and after the Effective Date (any difference being negligible and due to rounding), Shareholders of the Merging Fund who continue to hold Shares in the Merging Fund on the Effective Date may receive a different number of Shares in the Receiving Fund than they had previously held in the Merging Fund.

Please note that in the event the exchange ratio is rounded down, then Shareholders of the Merging Fund will receive Shares with a value that is fractionally less than the value transitioned with Shareholders of the Receiving Fund gaining proportionally. In the event the exchange ratio is rounded up, then Shareholders of the Merging Fund will receive Shares with a value that is fractionally more than the value transitioned with Shareholders of the Receiving Fund losing proportionally.

In case the application of the relevant exchange ratio does not lead to the issuance of full Shares, the Shareholders of the Merging Fund who continue to hold Shares in the Merging Fund on the Effective Date will receive fractions of Shares, up to three (3) decimal points, within the corresponding Share class of the Receiving Fund, in accordance with the provisions of the Prospectus.

Shareholders subscribing for Shares in the Receiving Fund after the Effective Date and who subscribe for a number of Shares in their application (as opposed to a monetary amount) should note that, due to the difference in NAV per Share between the Merging Fund and the Receiving Fund, the total subscription price payable for such Shares in the Receiving Fund may differ from that which would have been payable in respect of a subscription in the Merging Fund.

On the Effective Date, the valuation of the Merging Fund and the Receiving Fund and, thereafter all future valuations of the Receiving Fund, will be carried out in accordance with the valuation principles as set out in the Prospectus and the Articles of Invesco Funds. For the avoidance of doubt, there is effectively no difference between the valuation principles of the Merging Fund and the Receiving Fund and no impact on Shareholders who continue to hold Shares in the Merging Fund on the Effective Date arising from the adoption of valuation principles applicable to the Receiving Fund.

Have you not redeemed/switched your Shares in the Merging Fund prior to the Effective Date? In this case, the Registrar and Transfer Agent will issue you a written confirmation after the Effective Date with details of the exchange ratio applied, as well as the number of Shares you received in the corresponding Share class of the Receiving Fund as of the Effective Date as a result of the merger.

No initial charge will be payable on the issue of Shares in the Receiving Fund as part of this proposed merger.

A 4. Proposed Effective Date of the merger

It is expected that the proposed merger will take effect on 27 May 2022 or a later date as may be determined by the Directors which may be up to four (4) weeks later, subject to the prior approval of a later date by the CSSF and immediate notification of same to the Shareholders who continue to hold Shares in the Merging Fund in writing (the "Effective Date").

In the event that the Directors approve a later Effective Date, they may also make such consequential adjustments to the other elements in the timetable of the merger as they consider appropriate.

Please read Appendix 2 to this circular carefully as it sets out a timeline for the merger proposal.

A 5. Rules relating to the transfer of assets and liabilities and treatment of the Merging Fund

As of the Effective Date, the assets and liabilities of the Merging Fund will be transferred to the Receiving Fund and all Shareholders who continue to hold Shares of the Merging Fund at that time, will be entitled to receive Shares in the Receiving Fund in exchange.

As a result, any liabilities accrued that are expected to be paid by the Merging Fund from the Effective Date will pass to the Receiving Fund and will be paid by the Receiving Fund. As the accruals of liabilities are made on a daily basis and are reflected in the daily NAV, such accruals will have no impact on the NAV of the Merging Fund or the Receiving Fund on the Effective Date. All invoices presented before the Effective Date will be paid by the Merging Fund. Based on the best estimate of the Management Company, it is expected that any under/over provision, if applicable, will be immaterial relative to the NAV of the Receiving Fund and will have no material impact on Shareholders who continue to hold Shares in the Merging Fund on the Effective Date.

In addition, from the Effective Date, any exceptional items (e.g. withholding tax reclaims, class actions, etc.) resulting in a payment being made to the Merging Fund will automatically be transferred to the Receiving Fund.

Details of the relevant Share class(es) in the Receiving Fund which you will receive if you elect not to redeem/ switch prior to the proposed merger are set out in Appendix 1 to this circular. As mentioned in section A2, the intention is to merge the Shareholders in the Merging Fund into the exact same Share class in the Receiving Fund, with the exception of "B" Shares as outlined above.

B. Other matters relating to the proposed merger

B 1. Right to subscribe for and/or redeem Shares or switch Shares

The implementation of the merger does not require the approval of the general meeting of Shareholders of the Merging Fund.

If the proposed merger does not suit your requirements, you have the opportunity at any time up to and including 12:00 noon (Irish time) on 24 May 2022:

- to redeem your Shares, which will be carried out in accordance with the terms of the Prospectus without any redemption charges, or
- to avail of a free switch out of the relevant Share class into another Fund of Invesco Funds (subject to the minimum investment amounts and eligibility requirements set out in the Prospectus and authorisation of the particular fund for sale in your jurisdiction). For more information, please do not hesitate to contact the Investor Services Team, on +353 1 439 8100 (option 2), your local agent or your local Invesco office.

Please note that the redemption will amount to a disposal of your interests in the Merging Fund and may have tax consequences.

Are you in any doubt as to your individual tax position? In this case, you should consult your professional advisers.

You are also able to continue to make subscriptions or to switch into the Merging Fund up until 12:00 noon (Irish time) on 24 May 2022.

From 12:00 noon (Irish time) on 24 May 2022 to 27 May 2022, both dates inclusive, any dealings (including transfers) in the Merging Fund will be suspended so as to allow the merger process to be effected efficiently.

Once the proposed merger has been effected and you become a Shareholder in the Receiving Fund, you can redeem your Shares in the Receiving Fund, subject to the usual procedures set out in the Prospectus.

No action is required to be taken on the Effective Date by Shareholders who agree to the merger and wish to receive Shares of the Receiving Fund in exchange for their Shares in the Merging Fund as a result of the merger.

The merger will be binding on all the Shareholders of the Merging Fund who have not exercised their right to redeem/switch above within the timeframe set out above.

B 2. Costs

There are no unamortised preliminary expenses in relation to the Merging Fund and the Receiving Fund.

The Management Company will bear the other expenses incurred in connection with the proposed merger and any costs associated with the transfer of the portfolio holdings of the Merging Fund to the Receiving Fund on the Effective Date. The other expenses include legal, advisory and administration costs associated with the preparation and implementation of the proposed merger.

The Management Company will bear the costs associated with the transfer of the portfolio of the Merging Fund to the Receiving Fund (such as broker transactions costs, any stamp duty and other taxes or duties).

As mentioned in section A2 above, the costs associated with any rebalancing of the underlying investments of the portfolio (primarily dealing and transaction costs) are reasonably estimated at 20 bps of the Merging Fund's NAV as at the rebalancing date and shall be borne by the Merging Fund, as it is believed that the proposed merger will provide investors with a fund with improved pricing, good long term track record and higher opportunities to grow over the long term, thus benefitting from economies of scale. Such rebalancing costs will accrue on the dates such rebalancing takes place (i.e. within two weeks before the Effective Date). To the extent that the rebalancing costs exceed 25 bps, the Management Company will bear the excess.

The Management Company is not responsible for individual client tax considerations and you should read section B3 below or consult your professional adviser if you are in any doubt as to the impact of the proposed merger.

B 3. Tax

Shareholders should inform themselves as to the tax implications of the proposed merger. The same applies to the ongoing tax status of the Receiving Fund under the laws of the countries of their nationality, residence, domicile or incorporation.

C. Availability of documents and information about the Receiving Fund

The Fund will invest in companies that, in the opinion of the Investment Manager, are attractively valued and demonstrate sustainable dividend growth, along with a strong business model and sound balance sheet.

Up to 30% of the NAV of the Fund may be invested in cash, cash equivalents, Money Market Instruments, convertible debt and other Transferable Securities not meeting the above requirements.

companies that, in the opinion of the Investment Manager, are attractively valued and demonstrate sustainable growth. The Fund's ESG criteria will be reviewed and applied on an ongoing basis by the Investment Manager. This approach will include the following aspects:

1. The Investment Manager will use positive screening to identify the top portion (currently 70%) of issuers based on the Investment Manager's proprietary rating which uses internal and third party data, and which in the view of the Investment Manager meet sufficient practice and standards in terms of ESG and sustainable development for inclusion in the Fund's universe (as more fully described in the Fund's ESG policy).
2. Screening will also be employed to exclude issuers that do not meet the Fund's ESG criteria, including but not limited to the level of involvement in certain activities such as coal, fossil fuels, tobacco, adult entertainment, gambling and weapons. All issuers considered for investment will be screened for compliance with, and excluded if they do not meet, UN Global Compact principles. The current exclusion criteria may be updated from time to time.

It is expected that the size of the investment universe of the Fund will be reduced by at least 30% in terms of number of issuers after the application of the above ESG screening.

Up to 30% of the NAV of the Fund may be invested in cash, cash equivalents, Money Market Instruments and other Transferable Securities, which will also meet the Fund's ESG criteria. The Fund's exposure to cash and cash equivalents, which are held on an ancillary basis, may not be subject to the Fund's specific ESG screening criteria.

For more information on the Fund's ESG policy and criteria, please refer to the Website of the Management Company.

Use of financial derivative instruments

The Fund may enter into financial derivative instruments for efficient portfolio management and hedging purposes only. Such derivatives may not be fully aligned with the Fund's ESG screening criteria.
