Dear Sir/Madam

Important account administration and contact centre changes

We announced in March that we're moving our account administration and our contact centre services from International Financial Data Services (Luxembourg) SA ("IFDS") to The Bank of New York Mellon SA/NV, Luxembourg Branch ("BNYM").

We are writing to you again to confirm that this move took place on 3 May 2021 as planned. We've included a reminder of some key information you need to know following the move.

Further information about all the changes, including copies of our previous correspondence, can be viewed on our website at <https://www.invescomanagementcompany.lu/lux-manco> (see 'SICAV account administration and contact details changes update').

Are my investments impacted?

There is no change to the way our funds are managed, our investment teams or their location.

New account number(s)

You have a new account number for every account that you hold with us. We wrote to you previously with your new account number(s). From now on, whenever you send us dealing instructions or queries, you'll need to provide your new account number and the account designation where there is one.
