Shareholder circular

IMPORTANT: This circular is important and requires your immediate attention. If you are in any doubt as to the action you should take you should seek advice from your professional adviser/consultant.

Unless otherwise defined, all capitalised terms used herein bear the same meaning as defined in the prospectus of Invesco Funds (the "SICAV") and Appendix A (together the "Prospectus").

About the information in this circular:

The directors of the SICAV (the "Directors") and the management company of the SICAV (the "Management Company") are the persons responsible for the accuracy of the information contained in this letter. To the best of the knowledge and belief of the Directors and the Management Company (having taken all reasonable care to ensure that such is the case), the information contained in this letter is, at the date hereof, in accordance with the facts and does not omit anything likely to affect the import of such information. The Directors accept responsibility accordingly.

Invesco Funds is regulated by the
Commission de Surveillance du Secteur Financier

Dear Shareholder,

We are writing to you as a Shareholder of the SICAV due to several amendments, as further described below, to be included in the Prospectus dated 17 December 2021. If any of the below mentioned amendments do not suit your investment requirements, you are advised that you may, at any time redeem your shares in the Funds without any redemption charges. Redemptions will be carried out in accordance with the terms of the Prospectus.

Unless otherwise stated below, all costs associated with the proposed below changes will be borne by the Management Company.

A. Reduction of the Management Fee of the “E” Share class for the Invesco Responsible Japanese Equity Value Discovery Fund

Effective from 1 January 2022, the management fee of the “E” Share class of the Invesco Responsible Japanese Equity Value Discovery Fund will be reduced from 2.00% to 1.80%.

For the avoidance of doubt, the management fee of the other Share classes will remain unchanged.

B. Change of name for the Invesco Developing Markets Select Equity Fund

Effective from 16 February 2022, please note that the Invesco Developing Markets Select Equity Fund will be renamed the **Invesco Developing Markets Equity (Customised) Fund** in order to better reflect the investment strategy, where a constrained investment universe is applied as more fully described in the investment strategy.

The above change will have no impact on how the Invesco Developing Markets Select Equity Fund is managed and does not alter its risk profile.

C. Change of investment strategy for the Invesco Belt and Road Debt Fund

From 16 February 2022, the investment objective and policy of the Invesco Belt and Road Debt Fund will be enhanced in order to allow the Invesco Belt and Road Debt Fund to access China onshore bonds in the China Interbank Bond Market (CIBM) via Bond Connect for less than 20% of its NAV.

As a result of the changes, Bond Connect risks will also be applicable to the Invesco Belt and Road Debt Fund and highlighted in the risk matrix disclosed in Section 8 (Risks Warnings) of the Prospectus. Otherwise, the changes will have no material impact on the way the Invesco Belt and Road Debt Fund is managed, and does not alter its risk profile.

D. Miscellaneous

The below updates will be effective as of the date of the prospectus on 17 December 2021:

- The Definition of “Business Day” has been updated in order to return the interpretation of business days as it was previously defined, prior to the change of Registrar and Transfer Agent which became effective on 03 May 2021. The definition of Business Day has been updated as follows: “Any bank business day in Luxembourg. However, in the event the 25th and/or the 26th December and/or the 1st January in each given year fall on a weekend, then the one or two Business Day(s) immediately following such a weekend will not be deemed Business Days. For the avoidance of doubt, unless otherwise decided by the Directors, Good Friday and 24th December of each year, or such other dates determined by the Directors and notified to Shareholders, are not Business Days.”

This update has no impact on how the SICAV has operated over the last years.

- Further to the ongoing review of the expected level of leverage of the Funds, kindly note the following updates:
 - Invesco Emerging Market Flexible Bond Fund: The expected level of leverage has been increased from 200% to 300% of the NAV of the Invesco Emerging Market Flexible Bond Fund;
 - Invesco Emerging Markets Local Debt Fund: The expected level of leverage has been increased from 250% to 300% of the NAV of the Invesco Emerging Markets Local Debt Fund.

These updates will have no material impact on how the above Funds are being managed and do not change their risk profile. Both Funds use derivatives for both hedging and investment purposes and there was an increase in derivatives usage noticed over the last months. This increase in derivatives allows the Investment Managers to implement a more flexible allocation between hard and local markets (for the Invesco Emerging Market Flexible Bond Fund) and their view on emerging market (for the Invesco Emerging Markets Local Debt Fund).

- Kindly note that Section 11 (Taxation) of the Prospectus has been updated in order to reflect the latest status of the various applicable regulations.
- Kindly note that Section 8 (Risk Warnings) of the Prospectus has been updated in order to tick the “ESG Investment Risk” in the risk matrix for all Article 8 products under SFDR. This update has no impact on how the impacted Funds are being managed.
- Bloomberg announced in August 2021 that the Bloomberg Barclays fixed income indices will be rebranded as the “Bloomberg fixed income Indices”. The prospectus has therefore been updated to reflect this new branding for the relevant Funds using the Bloomberg fixed income indices for the calculation of the relative VaR and/or when used for performance comparison purposes only.

This update does not constitute any change to the index itself.
