Dear Shareholder,

We are writing to you as a Shareholder in the Fund about the intention to liquidate the Fund on 2 September 2022 (“the Effective Date”) for the reasons further described below.

A. Background to and rationale for the proposed liquidation

The Fund launched in April 2016, Invesco agreed to give 5 years to the Fund to see if the strategy will attract flows. However, the lack of flows, coupled with mediocre performance indicated a lack of appeal among sales and client base. Therefore, the Directors decided to liquidate the Fund considering they do not expect to raise subscriptions in the near future.

Therefore, and in accordance with article 24 of the articles of incorporation of the SICAV (the “Articles”) and the applicable provisions of the Prospectus, the Directors have resolved that it is in the best interests of Shareholders to place the Fund into liquidation and to proceed with the compulsory redemption of all Shares in the Fund on the Effective Date.

As from 15 July 2022, the Fund was closed to further subscriptions in light of the fact that the Fund was intended to be liquidated. However, Shareholders have been and will be able to continue to redeem or switch out from the Fund in accordance with the provisions disclosed in the Prospectus, up to 30 August as further described in Section B below.

To ensure a fair treatment of all Shareholders, the Fund has been priced at bid on a permanent basis with effect from 18 July 2022 and will be priced as is until the Effective Date. This is achieved by applying the swing pricing mechanism as described under Section 6.2 (Calculation of assets and liabilities) of the Prospectus. In this connection, a non-threshold-based approach may be utilised as bid pricing will be applied to the Fund regardless of whether the net inflows/outflows of the Fund exceed the pre-determined threshold agreed by the Directors as described in the Prospectus. Please note that the NAV of the Fund will be lower using bid pricing as compared to when bid pricing is not applied.

Moving the pricing basis to bid ensures that any Shareholder redeeming in advance of the liquidation date will receive a price which is representative of the costs that will be incurred in their sell down and the remaining shareholders are not impacted.

In addition, to ensure that Fund is fully disinvested in advance of the Effective Date, the Investment Manager will begin selling investments from 9 August 2022 to ensure that the Fund is fully invested in cash as at the Effective Date. As a result, it is possible that the Fund will not be compliant with its investment policy as well as the UCITS diversification limits in advance of the Effective Date.

As a result, no management fee will be charged to the Fund from 9 August 2022.

B. Right to redeem Shares or switch Shares prior to the liquidation

The implementation of the liquidation of the Fund does not require the approval of the general meeting of Shareholders of the Fund.

If the proposed liquidation(s) do(es) not suit your requirements, you have the opportunity at any time up to and including 12:00 noon (Irish time) on 30 August 2022:

- to redeem your Shares, which will be carried out in accordance with the terms of the Prospectus without any redemption charges, or
- to avail of a free switch out of the relevant Share class into another Fund of Invesco Funds (subject to the minimum investment amounts and eligibility requirements set out in the Prospectus and authorisation of the particular fund for sale in your jurisdiction). For more information, please do not hesitate to contact the Investor Services Team, Dublin on +353 1 439 8100 (option 2), your local agent or your local Invesco office.

Please note that the redemption will amount to a disposal of your interests in the relevant Fund and may have tax consequences.

Are you in any doubt as to your individual tax position? In this case, you should consult your professional advisers.

No action is required to be taken on the Effective Date by Shareholders who agree to the liquidation. Please refer to Section C below for details. The liquidation of the Fund will be binding on all the Shareholders who have not exercised their right to redeem/switch as described above.

C. Liquidation process and payment of proceeds

Redemptions of the Shares of the Fund will be paid at NAV per Share (taking into account actual realisation prices of investments and transactions costs of liquidating the portfolios), calculated to six (6) decimal places at the Valuation Point on the Effective Date. As the Fund will be fully in cash as at the Effective Date the pricing basis is not relevant as the bid/mid and offer prices will all be the same.

Please note that calculation to six (6) decimal places is different from the current pricing method of the Fund as disclosed in the Prospectus and the Website of the Management Company. This is being done to determine that, on the Effective date, the result of the calculation constitutes the closest possible approximation of the true market value of the assets of the UCI, so that the amount returned to Shareholders is representative, insofar as is possible, of the value Shareholders are entitled to.

Redemption proceeds will normally be paid to Shareholders within ten (10) Business Days following the Effective Date provided that all necessary payment instructions have been received in writing and that all necessary identification documentation have been provided.

Due to market liquidity, corporate actions or other aspects outside the control of the Investment Manager, it is possible that certain investments or receivables owed to the Fund may not be realised in cash by the Effective Date. Such items may be excluded from the NAV on the Effective Date and paid as soon as practicable to

Shareholders pro-rata, based on their weight on the Effective Date. To the knowledge of the Management Company, there is no illiquid asset in the Fund's portfolio as of the date of this circular.

Proceeds which may not be distributed to their beneficiaries upon the implementation of the liquidation will be deposited in escrow with the Caisse de Consignation as soon as possible upon liquidation on behalf of the persons entitled thereto. Amounts not claimed from escrow within thirty (30) years would be liable to be forfeited in accordance with the provisions of Luxembourg law.

D. Costs and tax implication

The transactions costs associated to the sell down of the portfolio will be borne by the Fund. Any additional cost associated with the liquidation (such as legal, regulatory and administrative costs) will be borne by the Management Company.

The Management Company is not responsible for individual client tax considerations. If you are in any doubt as to the tax implications of the proposed liquidation, please consult your local financial or tax advisor.
